

The Gathering

**We will gather and lift up Your Name on the mountain You've made our home
With glimmering stones and beautiful light, around Your throne
You are worthy of honor and glory and love, Your mercy sure
You are good, so good**

**We will sharpen our swords with Your Word, and give all our praise to You
Your justice unfolds and Your rulings are true, You love shows through
You're the same yesterday and tomorrow today, Your promise true
You are good, so good, **YAH** You are good**

**Blessing and honor and power and glory forever
You are good, so good, **YAH** You are good, You are so good to me**

**You have taken us up in Your arms, and we cling to You
Writing Your word on our hearts and letting us know You
You are faithful and loving and righteous and true, every knee will bow
To You, to You, **YAH** You are good, so good to me**

**Blessing and honor and power and glory forever
You were and You are and You're going to be forever
You are good, so very good, **YAH** You are good, so good to me
You are good, so very good, **YAH** You are good, so good to me**

**Blessing and honor and power and glory forever
We will gather and lift up Your name, forever
You're the same yesterday and tomorrow today, forever...
YAH You are good**
